## It seems too good to be true.

When Pete McFadden invents his own system of fortune-telling, he doesn't really expect anyone to take it seriously. He can't imagine that it will become Hollywood's next spiritual fad. And he certainly never dreams that "Horokinetics" could make him famous. But it does. And when his creation becomes the battleground between a manipulative cult leader and an unscrupulous corporation, Pete learns a simple truth. If something seems too good to be true, it probably is.

*"Thought-provoking, incendiary and wickedly funny" - JP's Books*
